

Everyone Home DC's September Challenge is Here! Join the Challenge (and the Leaderboard) and set up your personal fundraiser today!

You can support Everyone Home DC with its goal to raise \$65,000 for people at risk of or experiencing homelessness by setting up your own personal fundraiser. All funds raised from your personal fundraising page will go directly to Everyone Home DC.

Getting started is easy. Follow the steps below, and if you have any questions, please contact Kate at akalonu@everyonehomedc.org.

Step 3: Select "Create a New Campaign."

This will take you to a September Challenge fundraising template that you can edit to best suit your campaign if interested. And that's it! Now your page is created, and you can begin editing it.

For step-by-step guides on designing your page and utilizing all of Mightycause's features, check out [How to Make Your Charitable Fundraising Page Awesome](#) and [Inline Text Editing Shortcuts for Your Fundraising Page](#).

Step 4: Announce your fundraiser to your friends and family

Your fundraiser's biggest supporters are people already in your life: Friends, family, coworkers, acquaintances, and people from your community.

Social media is one of the best ways to reach everyone at once.

Once your page is published, post on Facebook, Twitter, Instagram, and any other social media sites you use to let your friends know you're looking for help. Even if they can't donate to your fundraiser, ask them to share your page with their friends to help your fundraiser move beyond your social network and get more exposure. Looking for other ways to get the word out? Emails, texts, and in-person gatherings can be another way to reach people in your circle. Good luck!
