Getting started is easy. Follow the steps below, and if you have any questions, please contact Valerie at dicristoforo@everyonehomedc.org.

This will take you to a fundraising template that you can use as is or edit to best suit your campaign, if interested. And that's it! Now, your page is created, and you can begin adding event information. Be sure to customize your page, share on social media, and use your fundraising site to track and thank your donors!

Step 6: Announce your fundraiser to your community

Your fundraiser's biggest supporters are people already in your life: Friends, family, coworkers, acquaintances, and people from your community.

Check out tips from the [September Challenge Participant Toolkit](#) to learn how to help your fundraiser be the best it can be! Good luck!
